NATIONAL Y. W. RAISING MILLION DOLLAR BUDGET FOR WAR WORK

The National Young Women's Christian Association is raising a budget of one million dollars as its initial appropriation for war work activities.

The first large contributions to this fund were a gift of \$50,000, from the International Committee of the Young Men's Christian Association, one of \$55,000, from the proceeds of the Billy Sunday Campaign in New York, and one of \$100,000, from the Rockefeller Foundation.

These gifts are significant as an index to the increased confidence in the work of the Young Women's Christian Association, and also as a recognition of the fact that women have a place in this war.

The plans for the raising and the spending of the million dollar budget are in the hands of a National War Work Council of a hundred women. On this council are such women as Mrs. Robert Lansing, Mrs. Winston Churchill, Mrs. John D. Rockefeller, Jr., Mrs. Wm. Rosster, Mrs. Leonard Wood, Miss Mary Wooley and Mrs. John R. Mott.

The purpose and plans of the council are explained in these words of Mrs. Robert Spear, speaking at the opening session of the council in June. "The National Board of the Y. W. C. A. has been confronted with the immense responsibility for helping to safeguard moral conditions in the neighborhood of the training camps, and provided for the welfare of women of varied industries in the unusual conditions created by the war. The far reaching plans of the Young Men's Christian Association can only be realized as the girls and women near the camps realize their duty to uphold the highest standards of honor and character. It is an exceptional privilege to so direct the spirit of youth and patriotism that it may be a power and not a danger in these days of trial."

"The function of the council is to act as a committee of the National Board, in helping to meet the special needs of the girls and young women of our country caused by the fact that the country is at war. These needs are exemplified in communities adjoining army training camps; or where men are being mobilized for the army; where girls do agricultural work; or where girls will work in munition factories. Its program will be the preventive, constructive, educational program of the association."

"It will further be responsible for drawing upon the resources of the Young Women's Christian Association of the United States for aid in similar work in the countries of Europe affected by the war."

"This council was organized and its work determined upon in response to a special request from the War Department Commission on Training Camps in Washington. One of the first achievements of the council, at the request of Lieut. Wolf, was the construction and operation of a hostess house at the army post at Plattsburg, N. Y., having in mind especially the comfort and entertainment of women relatives of the soldiers. A number of these hostess houses and several club houses have already been opened at training centers and others are in preparation. Carefully trained and thoroughly experienced women are placed in charge of these houses."

"But the activities of the Young Women's Christian Association are not limited to the United States. Two Y. W. C. A. secretaries, Miss Elizabeth Boise and Miss Clarissa Spencer, are in Russia in response to a telegram from Petrograd asking for women to aid in work for employed women in Russia. Two others, Miss Clara Taylor and Miss Mary Pinham, passed through Honolulu last Saturday to join the forces in Petrograd and seven other women have been asked to help in this constructive, educative work among women in Russia."

"Several expert American workers, Miss Katy Boyd George, Miss Mary Dingman, and Miss Henrietta Rochas, are in France conducting work among the nurses and the women workers in munitions."

"The war council has voted \$50,000 for use during this year to be spent in Europe."

"The million dollar fund, which is being rapidly raised, is looked upon simply as a beginning. If the war continues indefinitely the fund must be proportionately increased."

No longer can a war be thought of in terms of men alone nor as affecting women only as it makes them widows. The Young Women's Christian Association has recognized this and is dealing, by wise and effective methods, with the new conditions which this world war has brought to girls and women."

"We hear and read a great deal about what is being done and what must be done for the enlisted men in Europe."

The Y. W. C. A. is carrying an enormous responsibility and performing a truly patriotic service in working for the women who are no less enlisted because they are not in the trenches.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time—Adv.

Rector's Daughter—How splendid of Joe Jarvis' son to volunteer for that very dangerous job! I'm so glad he got a Military Medal.

Mrs. Mullens (got to be outdone)—Yes, miss. And my boy could have got it, too. If he'd cared to have taken the risk—London Punch.
